Relying on PAX

I’m so tempted
to assume command
of my tiny fiscal estate,

but knowing myself
as one who shifts
halfwit strategies

for wildass hunches on
Yahoo Football, I
steer wide of investing

pros at Pax. I don’t know
where they are and what’s
doing there or why and,

probably, they don’t either,
that much, but at any rate,

always a baby
step, I’m, from
addictive ruin.
